

# ATM/DEBIT CARD TRAVEL NOTICE

**Domestic Travel:** If you are traveling within the continental United States, it isn't necessary to place a travel alert on your debit card(s). Your card activity will continue to be monitored, as usual, for possible suspicious activity. We encourage you to consider the following best practices as you travel.

**International Travel:** If you are traveling abroad, please notify us, so that we may place a travel alert on your debit card(s) to avoid any problems as you travel. Even with the travel alert, your card activity will continue to be monitored as usual for possible suspicious activity. We encourage you to consider the following best practices as you travel.

## BEST PRACTICES

- To avoid issues at point of purchase, please select DEBIT as opposed to CREDIT, and use your PIN whenever possible.
- Add your debit card's Customer Service phone number (833) 735-1894, and Text Alert number (37268) to your phone contacts as this will help you recognize the numbers if you are contacted about a suspicious transaction.

Thank you for choosing First National Bank for your banking needs. If there is anything more we can do for you, please let us know.

**To report lost or stolen ATM/Debit Cards or fraudulent activity, please call:**

**Business Hours:** (515) 232-5561 or (641) 342-6581

**After Hours:** (800) 472-3272
